SENIOR GEOTECHNICAL ENGINEER

Associated Earth Sciences, Inc. (AESI) is a multi-disciplinary, professional geotechnical engineering, hydrogeological, geological, and environmental consulting firm. AESI has been providing these services to municipal, commercial and residential clients since 1981.

AESI is seeking an experienced geotechnical engineer. Candidates should have experience with geotechnical site exploration projects including managing schedules, preparing proposals, budgets and written geotechnical reports for commercial, residential and municipal clients. Position requires strong geotechnical analysis and design skills, excellent communication and organizational skills and a proven ability to develop and maintain client relationships. Local experience a plus. This is a tremendous growth opportunity for the right individual.

EDUCATION REQUIREMENT:

- Bachelor's degree or higher in Civil/Geotechnical Engineering

EXPERIENCE REQUIREMENT:

- Minimum of 5 years of experience, Washington P.E. License.

We offer competitive compensation and generous benefits. Compensation and benefits depend on experience. AESI is an equal opportunity employer.

Qualified applicants will be subject to background check prior to employment.

Please send a resume and cover letter to hr@aesgeo.com
