

Opportunities at Amec Foster Wheeler

Senior Geotechnical Engineer

Business Unit: **Americas**

Market: **Environment & Infrastructure**

Job Location: **Tacoma, Seattle, Bothell, or Lynnwood, WA**

Job Reference Number: **19225**

Amec Foster Wheeler Environment & Infrastructure is seeking a **Senior Geotechnical Engineer** to join our team in Washington State, with offices located in Tacoma, Seattle, Bothell, and Lynnwood. We are seeking a self-motivated engineer with a Washington Professional Engineer License, and at least four years of geotechnical engineering experience. The ideal candidate will be eager to develop their skills in all stages of project management: marketing, proposal writing, planning field explorations, engineering analyses, scheduling, budget control, and construction management.

Key Responsibilities

- Managing projects from proposal through execution to final billing
- Providing business development by building client relationships and pursuing potential projects
- Preparing scopes of work, cost estimates, and schedules
- Overseeing field exploration programs and laboratory testing
- Interpreting geologic, hydrogeologic, and environmental data
- Performing geotechnical engineering analysis for infrastructure and development projects, such as foundation, retaining wall, and pavement design

Skills / Qualifications

- Professional Engineer licensed by the State of Washington
- Four or more years of experience practicing geotechnical engineering in Washington
- Technical proficiency in geotechnical investigations, laboratory testing, geotechnical engineering analyses, and earthwork construction for infrastructure projects
- Strong writing/communication skills
- Project management experience: working directly with clients; developing scopes of work; estimating, tracking, and controlling budgets; maintaining schedules; coordinating with other project team members; and assuring quality
- Experience in business development: meeting with potential clients; writing proposals; maintaining client relationships
- Master's degree in geotechnical engineering

Why Amec Foster Wheeler Environment & Infrastructure?
