Opportunities at Wood

Senior Geotechnical Engineer

Business Unit: Environment & Infrastructure Solutions
Job Location: Puget Sound (Tacoma, Seattle, Kirkland, or Lynnwood, WA)
Job Reference Number: 26161

Wood Environment & Infrastructure Solutions is seeking a Senior Geotechnical Engineer to join our team in Washington State, with offices located in Tacoma, Seattle, Kirkland, and Lynnwood. We are seeking a self-motivated engineer with at least four years of geotechnical engineering experience in Washington. The ideal candidate will be eager to develop their skills in all stages of project management: marketing, proposal writing, planning field explorations, engineering analyses, scheduling, budget control, and construction management.

Skills / Qualifications
- Professional Engineer licensed by the State of Washington
- Four or more years of experience practicing geotechnical engineering in Washington
- Technical proficiency in geotechnical investigations, laboratory testing, geotechnical engineering analyses, and earthwork construction for infrastructure projects
- Strong writing/communication skills
- Project management experience: working directly with clients; developing scopes of work; estimating, tracking, and controlling budgets; maintaining schedules; coordinating with other project team members; and assuring quality
- Experience in business development: meeting with potential clients; writing proposals; maintaining client relationships
- Master’s degree in geotechnical engineering

Why Wood Environment & Infrastructure Solutions?
With Wood (Amec Foster Wheeler is now part of Wood), you’ll be part of a team of local consulting engineers working on projects in Washington, and you’ll be connected to our offices around the world, assisting engineers with high profile projects. Imagine working on complex global projects, being challenged to develop your skills and experience, being provided with opportunities to build a successful career. Imagine working for world-leading clients, delivering connected excellence and being recognized for it.

If you believe you have the knowledge, experience and enthusiasm to succeed in this position, then we would like to hear from you.
